

Waltersmith Industrial and Innovation Park

Oil & Gas Free Trade Zone

Ohaji Egbema LGA, Imo State, Nigeria

Industrial Park Location

Seaport, Airports and Road, connections facilitate the distribution of goods produced in the industrial park.

60 km (50 mins) away from 2 international Airports

100 km (1hr 30 mins) away from a major seaport.

- 📍 Located within Ohaji Egbema LGA, Imo State, Nigeria.
- 📍 Access to waterways via the Onne Port, 100 km away.
- 📍 Positioned in a gas-rich area, offering strategic energy advantages for industrial operations.
- 📍 Proximity to significant existing oil and gas facilities.

Easy access to major cities in Southern and Eastern Nigeria.

Centrally located within the commercial centres in the Southeast.

Value Proposition

Infrastructural Facilities

- Energy (24/7 Electricity)
- Roads & Security Network
- Water & Sewage System
- Telecommunication Facilities
- Technology Hub
- Research & Devt. Centers

Low- Cost Production

Government Incentives/
Permits:

- Free Trade Zone Area
- Dry Port
- Dedicated Gov relations desk

Co-location Synergy

Establish a circular economy from
co-locating related industries.

e.g., Petrochemicals, Pharmaceuticals,
and Fast-Moving Consumer Goods
(FMCG)

Commercial & Residential HUB

- Commercial Institutions
- Financial Institutions
- Healthcare Centers
- Schools & Education Centers
- Housing

Our Value proposition is to create a thriving industrial hub that generates employment, promotes economic growth, drives innovation and offers businesses a supportive and economically viable environment to achieve their strategic objectives.

The Industrial Park Experience

91.2 hectares of prime land with access to significant gas resources, set in an eco-friendly environment with existing infrastructure, focused on a circular economy and sustainability - all within an Oil and Gas Free Zone.

⚓ Investor-centric & Operationally Efficient Solutions

⚓ Integrated Infrastructure & Amenities

⚓ Sustainable Development

⚓ Live, Work and Play

⚓ Dedicated zones for industrial, logistics, and Real Estate

⚓ Strategically located near major trade gateways and demand centres

Oil & Gas Free Zone

The Waltersmith Industrial and Innovation Park has been issued a licence by the Oil and Gas Free Zones Authority (OGFZA) to operate as an Oil and Gas Trade Zone.

Significant benefits to businesses in the park.

Exempted from all federal, state and local government taxes, levies and rates.

100% foreign ownership of Businesses allowed in the zone.

100% repatriation of capital investments in the zone at any time with capital appreciation of the investment.

Import duties on raw materials for finished goods that are sold into Nigeria, only payable at the Point of Sale.

Single window clearance system for addressing regulatory matters.

Up to 100% of goods may be exported into Nigerian customs territory on the payment of appropriate duties along with a valid license.

Remittances of profits & dividends earned by investors in the zone allowed without payment of withholding tax.

Gas and Power

- Located in a region with over 5 TCF of gas reserves, ensuring long-term energy security.
- Currently offering 6MW of 24/7 power supply, expandable to 70 MW, to meet growing industrial demands.
- 30 MMSCF/day of gas already contracted, negotiations for additional gas volumes are ongoing.
- State-of-the-art automated gas and electricity networks for efficient and uninterrupted energy delivery within the park.
- A dedicated Gas City Gate providing centralized gas infrastructure tailored for energy-intensive industries.
- Availability of natural gas and scalable power solutions reduce operational costs to businesses within the park.

Park Specifications

- ❖ Covering 912,000 m² with 593 industrial plots, the park offers a strategic gateway to major Sub-Saharan African markets.
- ❖ Designed to accommodate heavy and light industries, offering flexible parcels of land ranging from 1,200 m² to 100,000 m², all supported by top-tier infrastructure.
- ❖ For larger industrial needs, the zoning plan permits seamless customisation, allowing the merging of smaller plots to create expansive spaces tailored to specific requirements.

Target Industries

Gas Based Businesses

- ⊕ Petrochemicals
- ⊕ LNG, CNG and LPG
- ⊕ other virtual pipeline opportunities
- ⊕ Other gas processing businesses

Heavy/Large Scale Industries

- ⊕ Breweries
- ⊕ Manufacturing Industries
- ⊕ Food Processing Factories
- ⊕ Plastic-making industries

Medium Scale Industries

- ⊕ Waste to Wealth
- ⊕ Agro-processing factories
- ⊕ Textile Factories
- ⊕ Commercial Area
- ⊕ Logistics and Warehousing

Non-Processing Zones

- ⊕ Recreation & Learning Centers
- ⊕ Shopping Malls
- ⊕ Conference Centers
- ⊕ Commercial Banks
- ⊕ Healthcare Centers
- ⊕ Hospitality Businesses
